

Minutes of the Michiana Watershed
November 8, 2011

Members Present: Ted Beatty, Jeff Reece, Ken Sauer, Henry Scott

- Minutes approved from last meeting
- Note: the October meeting was postponed to November
- We will support the SJCP Activity Guide again for \$25 -- Henry will ask Simeon to make payment
- Henry: brief report on public hearing on the extension of the South Bend river walk
- Discussion of recent talk regarding Juniper pedestrian / bicycle access north of Notre Dame.
- Ken: Paddler's guide update -- with cartographers! There may be a presentation event of payment from ArcelorMittal. Ken will distribute what should be the final draft soon.
- Need to identify slate of officers for the next two-year term.
- Discussion about inviting John Burke to December 13 meeting. Perhaps invite others to bump numbers, for example Kathleen Petitjean?
- Dick Reineke is still interested in South Bend watersports complex and he is having ongoing discussions with Ted. ND interested in building boathouse 50 yd east of current boathouse and, if that happens, it would be good to get MW and South Bend Scullers to take the existing facility for public access. Recent contact with Ken to reinvigorate the discussion with some fundraising ideas.
